

HEALTH AND SAFETY

Policy statement: Health and Safety

It is my policy to promote and ensure the good health and safety of children in my care in line with the requirements laid out in the EYFS Framework, and Health and Safety Executive.

Procedure

Safety and suitability of premises, environment and equipment

In order to ensure children's safety in my setting I have a range of safety equipment e.g. stair gates, fire guards, reins, pushchairs, car seats, which are regularly checked to ensure they are in good repair.

My smoke alarms are tested regularly and fire drills are carried out and recorded. I have a fire blanket in my kitchen and children and parents are aware of my emergency evacuation procedure.

My premises are secure to ensure children's safety and prevent intruders and I have a procedure for checking the identity of visitors.

I will ensure that I take all reasonable steps to ensure any staff and children in my care are not exposed to risks and I will demonstrate how I manage risk.

My risk assessments will identify aspects of the environment that need to be checked on a regular basis, when and by whom these aspects will be checked and how I will remove or minimise the risk.

All equipment used in my childminding business is regularly checked for damage and wear and tear and replaced when necessary, for example high chairs, buggies, cots.

My car is regularly serviced has an up to date MOT and insured for business use.

All car seats are checked regularly and used correctly in accordance with seat belt regulations.

All gardening equipment is locked in the shed, and dangerous plants have been removed.

I hold a current paediatric first aid certificate.

HEALTH AND SAFETY

Health

I hold a basic food hygiene certificate 11/03/2016

I encourage children to learn about good hygiene by promoting regular hand washing. We use liquid soap and the children have access to individual towels to dry hands which are replaced regularly.

When providing meals and snacks children are encouraged to make healthy choices and the benefits of an active lifestyle are promoted, e.g. access to outdoor play daily.

Baby changing mats are cleaned after each use with antibacterial wipes.

My pets are kept away from food preparation areas and their food bowls are out of reach of children. All pets are regularly vaccinated and up to date with worming and flea treatment.

All areas accessible to children including toys and equipment are regularly cleaned and checked for damage.

HEALTH AND SAFETY

This policy also links with my accident and emergency procedures, illness, risk assessment, no smoking and outings policy.
